# Why Sponsor RCS26?

## High-Intent Cybersecurity Audience — Not Just an Event

Republic of Cyber Sentinels (RCS26) is a national-level cybersecurity Capture The Flag (CTF) organized by Encryptededge. The event brings together ethical hackers, cybersecurity learners, and technical communities from across India for hands-on, skill-driven competition.

## What Sponsors Gain

- Direct access to cybersecurity-focused talent
- Visibility among a high-intent, skill-driven audience
- Brand association with ethical hacking and real-world security
- Flexible sponsorship structure with clear, transparent deliverables
- Strong long-term recall within student and cyber communities

Sponsors choose how deeply they want to engage, with branding and visibility scaled transparently to contribution.

# Sponsorship Deliverables

## Core Brand Visibility

- Logo placement on event banners & standees
- Branding at registration and help desk areas
- Logo visibility on official event website
- Branding on participant ID cards
- Visibility during opening & closing ceremonies
- Branding on CTF platform /scoreboard
- Promotion through official social media posts
- Brand mentions during key event moments
- Logo placement across event-related web pages

## Dedicated Branding

- Exclusive logo placement on event T-shirts
- Dedicated branding on event website
- Exclusive sponsor standee placement
- Branding on event goodies
- Branding during Proof of Concept (PoC) showcase

## Additional Sponsor Privileges

- Complimentary event passes
- Opportunity to felicitate winners
- On-stage brand mention during award ceremony

## Contribution Levels

- ₹10,000 — Entry-level visibility
- ₹15,000 — Enhanced brand presence
- ₹25,000 — High-impact visibility
- ₹50,000 — Premium brand association

Higher contributions receive proportionally higher brand prominence and placement priority.
